1. Vision & Mission of Institute

a. Vision

To prepare our students for leadership in their profession and society. To develop the demand driven high class technician. To gain national recognition as first-tier college of diploma studies.

b. Mission

M.L. Institute of Diploma Studies (MLIDS) nurtures the intellectual growth and develops skill of its students and serves the nation through creation, application and dissemination of knowledge and skill relevant to technology, and become one of the premier diploma college and achiever of highest order of excellence in teaching.

At Bhandu, to develop the rural and urban students for leadership in their profession, society and to serves the nation through creation, application and dissemination of knowledge and skill relevant to the technology, M. L. Institute of Diploma Studies a first tier college was established in 2004. MLIDS, Bhandu have easy connectivity with road, rail and air and also located in the center of bunch of cities, i. e. Spice City: Unjha, Milk / Oil City: Mehsana, Historic City: Patan and Copper City: Visnagar. Moreover this green eco-friendly campus was situated near the developing engineering industries hub e.g. Becharaji. The campus is at the middle center of major districts like Mehsana, Patan, Banaskantha, Sabarkatha, Gandhinagar and Aravalli. The diploma institution was established with following objectives:

- To prepare the world class technocrat
- To impart the research for development of eco-friendly viable technology
- To train the manpower according to need of industries
- To identify the hidden strength of students and encourage them to become an entrepreneur

4. Students Development Programmes

1. Expert Lecture on "Cloud Computing" by Prof. Nilam Patel

- Date of Events : 12/03/2024
- Coordinator of Event : Mrs. M. P. Patel
- No. of Participants : 35

On 12 MARCH 2024, the Computer Department organized an expert lecture on Cloud Computing for final year students. The lecture was delivered by Professor Nilam Patel, a distinguished subject expert in the field of Cloud Computing. Final year students got to know about Different types of cloud computing and different Development models of cloud computing. She explained everything with real life examples for better understanding. The event took place in A-007 Computer Lab and saw the enthusiastic participation of more than 20 final year students.

a. Quiz / Technical Events attended by Students

1. Program India's Techade: Chips for Viksit Bharat

- Date of Events : 13/03/2024
- Coordinator of Event : Mrs. M. P. Patel
- No. of Participants : 115

To fulfill India's Semi-Conductor Mission and with an aim to strengthen the semiconductor facilities in India, Hon'ble Prime Minister Shri Narendra Modi laid down the foundation stone of the three Semiconductor facilities on 13th March 2024. Among these, two semiconductor facilities will be in Dholera and Sanand, Gujarat. As the Technical Students are key stakeholders of this national endeavor, we organized a seminar on India's Techade vision, India's Semi-Conductor Mission. Also we made arrangements for watching live streaming of Hon'ble PM address at 10.30 am. The students of Computer and Electrical engineering of MLIDS, Bhandu have participated in this seminar with great interest and enthusiasm. Everyone felt so proud when our Hon'ble Prime

Minister discussed about the Viksit Bharat Abhiyan. Later on, Head of both the departments, Prof Megha Patel and Prof Vishal Patel explained about the role of engineer in semiconductor industries in upcoming future.

2. Placement Drive – Arsenal Mittal & Nippon Steel India, by Govt – Online at Campus & K. D. P, Patan

- Date of Events : 29/02/2024 & 07/03/2024
- Coordinator of Event : Mr. Tejash Patel

3. Seminar on “IOT and its Application” on 21st March, 2024 by Mr. Praful Neve (Director, Proji System and Technology, Ahmadabad)

- Date of Events : 21/03/2024
- Coordinator of Event : Prof. Pooja A. Patel
- No. of Participants : 45

Diploma Computer Engineering Department organized seminar on “IOT and its Application” on 21st March, 2024. The seminar was presented by Mr. Praful Neve (Director, Proji System and Technology, Ahmadabad) from 11:00 to 12:30 to the students and faculty members MLIDS. The main objective of the seminar was to help students to acquire insights into diverse applications of IoT across industries, along with real-world case studies showcasing successful implementations. Attendees were equipped with knowledge to explore opportunities for integrating IoT solutions within their respective domains.

The interactive session fostered engagement and facilitated knowledge sharing among participants and the expert presenter.

4. A workshop on “IOT, Networking & 8051 Microcontroller ” on 21st March, 2024 by Mr. Jigar Jhalaiya & (Embedded Engineer, Proji System and Technology, Ahmadabad)

- Date of Events : 21/03/2024
- Coordinator of Event : Mrs. M. P. Patel, Mr. Vishal Patel
- No. of Participants : 50

Diploma Computer Engineering Department organized a workshop on “IOT & Networking” on 21st March, 2024. The workshop was conducted by Mr. Jigar Jhalaiya & his team (Embedded Engineer, Proji System and Technology, Ahmadabad) from 1:00PM to 4:00PM. The workshop was attended by students and faculty members MLIDS. The expert covers the topic Introduction to Embedded System, Introduction to 8051 family, Arduino programming and Interfacing of seven segments Display with Arduino, introduction to different types of Arduino board.

The aim of workshop was to discuss real life use cases on IOT application and make the session really interactive by providing an opportunity to suggest a solution to real life scenario. Students get knowledge of current scenario/job opportunities of embedded industries and understanding the skill set required in a new employee in embedded industry.

5. Industry Visit @ eInfochips, Ahmedabad

- Date of Events : 09/05/2024
- Coordinator of Event : Mrs. Megha P. Patel
- No. of Participants : 35

On May 9, 2024, Computer Engineering students, accompanied by three faculty members, visited eInfochips, a leading IT company specializing in embedded systems, software development, and product engineering.

Presentation : Mr. Rakesh Prajapati, Technical Manager, provided a detailed presentation on the company's history, services, and key projects.

Live Demonstrations : The Company showcased several of their flagship projects, including embedded systems, firmware development, and software engineering, giving participants practical insights into these technologies.

The visit offered students valuable exposure to the IT industry and enhanced their understanding of real-world applications of their academic knowledge. It also sparked interest in emerging technologies and provided a clearer perspective on potential career paths in the tech field.

The 3-day self-defense workshop "Mission Sahsi" was organized by M. L. Institute of Diploma studies in collaboration with Akhil Bharatiya Vidyarthi Parishad (ABVP) from 3/12/2024 to 5/12/2024 at M. L. Institute of Diploma Studies Bhandu, exclusively for girls. The workshop aimed to empower women with the knowledge and practical skills necessary to defend themselves against potential threats. Through a combination of theoretical discussions and hands-on training, participants were equipped with tools to handle dangerous situations and boost their self-confidence. The event emphasized not just physical defense, but also awareness, mental resilience, and the psychological readiness to react effectively in emergencies. The three-day workshop focused on raising awareness, teaching essential self-defense techniques, and providing real-world applications for safety.

The first day of the workshop focused on self-defense awareness and understanding the importance of self-defense for girls in today's world. The day began with an inaugural ceremony, followed by an in-depth session on awareness and personal safety. Day 2 was dedicated to hands-on training and practical self-defense techniques that were simple and effective for girls of all ages and physical abilities. The focus shifted from awareness to action, with participants learning physical techniques that could be used to defend themselves in real-world situations. The third day of the workshop focused on advanced self-defense techniques for more dangerous situations, including how to defend against armed attackers, and the application of the skills learned through high-intensity scenarios and role-playing.

By focusing on practical skills, real-life scenarios, and empowering the participants, the workshop achieved its goal of making women feel safer and more self-reliant in daily life. The feedback was overwhelmingly positive, and the participants left the event feeling more confident and capable in their ability to protect themselves.
